In preparation for the presence of the Turkish President on Sunday, there will be extensive additional security measures put in place in and around the Service Park.

At midnight Saturday night, there will be a security sweep of the service park in order to secure it. All teams will be required to have a representative present at their area for this sweep. From this point on there will be heavily restricted access.

All teams, staff, support personnel and contractors should compile the name and passport number of all persons required to access the service park and submit it to: [pekin@tosfed.org.tr](mailto:pekin@tosfed.org.tr) before 22:00 on Saturday.

All names will be checked upon entry to the service park on Sunday morning and all personnel must be in possession of their WRC or Rally Turkey access pass.

There will be bag searches and metal detectors installed at the service park entrance. All personnel are requested to limit the amount of bags and possessions that they bring to the service park on Sunday in order to make the process as quick as possible. All personnel are reminded to allow extra time to access the service park.

No vehicle access will be permitted.
