We are very happy to be together in Rally Turkey with all our participants who has given their hearts to motor sports inside and outside the country, including sportsmen, organizers, press members and valuable representatives of the automotive world.

Our country has already hosted the World Rally Championship (WRC) six times in Antalya and Istanbul between the years 2003 - 2010.

We also believe that Rally Turkey which will be performed under the framework of Rally of Turkey, the oldest international motor sports activity of our country, will give all our guests the opportunity to know better unique beauties of Turkey, wealth of our culture and hospitality of our people and to strengthen the friendship ties with us.

I would like to say “welcome” to all the participants of Rally Turkey and wish success to all the teams who will struggle in the competitions.

**Recep Tayyip ERDOĞAN**  
**President of the Republic of Turkey**

## 1- INTRODUCTION

Turkey is rightfully proud of being one of the leading sport countries thanks to many great sport events organized in the international arena.

These events have always been followed with admiration and passion globally.

Turkey, who repeatedly succeeded in sports organisations, is living the enthusiasm of hosting the World Rally Championship, home event of world's best rally drivers and co-drivers for 45 years. This giant event taking place between 13th-16th of September will be broadcasted in 155 countries all over the world and reach about 850 million viewers.

It is our priority wish to ensure that all participants to Rally Turkey leave our country with great memories.

I would like to seize this opportunity to express my gratitude to everyone who worked towards the realization of this event and wish the best of success to all drivers, co-drivers and competitors.

**Dr. Mehmet Muharrem KASAPOĞLU**  
**Minister of Youth and Sports of Turkish Republic**

First of all, I would like to mention my happiness to host in our province the World Rally Championship (WRC) which has a great importance for sports tourism and by virtue of this to host in our province the people fond of Automobile Sports from different countries.

That the World Rally Championship will be organized in our province will bring a new momentum to the Turkish automobile sports and will help opening up the way for other large events. To be hosting WRC after being selected from among important countries such as New Zealand, Croatia, Japan, Chile, Kenya and South Africa that wished to organize this event will provide that Turkey's prestigious stance revealed in each and every lane and her messages will reach out the entire world. In addition, around 50 thousand local and incoming tourists will come to the region just for the World Rally Championship and this means that it is not just a sports organization but also a crucial event that will contribute to the tourism of our province.

When it is considered that automobile sports had an audience potential of more than 700 million around the world in general, World Rally Championship (WRC) that will be followed lively in the whole world via local and foreign press and visual media institutions will provide a great opportunity for the introduction of our province and our country.

Our province is ready to host many other world organizations under the framework of Sports Tourism like all other branches of tourism when its areas and facilities appropriate for variety of sports is taken into consideration as well as its accessibility by two international airports.

I would like to submit my gratitude first and foremost to our president Hon. Recep Tayyip Erdoğan supporting the process whereby 2018 WRC Turkey organization has been brought to our country and hence to our province, our Ministry of Youth and Sports, Hon. Serkan Yazıcı, the President of the Turkish Federation of Automobile Sports carrying out a decisive and successful effort for many years now and all the people who have put an effort to the process, and wish all the participants coming to our city under the framework of WRC, all people on duty, media members and people passionate for automobiles a successful championship without any accidents, and submit my most sincere respects and love.

**Esengül CİVELEK**  
**Governor of Muğla**

With its special location in the world geography, natural beauties and historical wealth, Republic of Turkey, the bridge of civilizations interconnecting Asia and Europe, is the geography of peace where east and west unite and live fraternally.

Thanks to its nature, culture, wealth of people having as their motto love and tolerance, our province Muğla, we shortly depict as “city of freedoms” is maybe one of the luckiest provinces of our country, each corner of which is worth living. Muğla is a province which has hosted many civilizations throughout history and which has conserved the cultural and historical wealth of these civilizations up until today as well as being an attractive city with its natural beauties, generously revealing all shades of green with its 68 per cent woodland and all shades of blue with its coastline of 1480 kilometers and its coves awaiting to be visited, and it is a city where democratic rights and personal freedom are fully exercised. That the oldest motor sports activity serving the sports and introduction of our country for about 45 years now will be organized in our province Muğla’s districts, each one of which is more beautiful than the others, will provide for the introduction of our province Muğla and our country in general and will ensure reaching international teams to participate in the rally, the audience and all the rally lovers that will watch the competition. In addition, in Muğla, the city of freedoms, racers will enjoy getting behind the wheel and competing in a terrific nature. We wish the racers behind the wheel will not be too much distracted by the beauty of our province, adorned with different shades of green and blue and a unique landscape and that they make the competition lovers watch a rally with a high joy of watch. I would like to thank everyone who has made an effort to see the organization done in the beautiful districts of Muğla.

**Dr. Osman GÜRÜN**  
**Muğla Metropolitan Mayor**

## WELCOME TO THE “NEW HOME” OF WRC!

World Rally Championship, one of the most important organizations of motor sports is appearing before the sports lovers with new laps in Marmaris. This year with big enthusiasm we got prepared for the races which we will host for the first time as the region and to which we attach great importance. It is a great pleasure for us to present new laps for the racers and the audience. We follow with great happiness the interest Marmaris created among WRC world. As all people and institutions of the locality, we plan to be on WRC agenda for long years. I say welcome to this “new home” of WRC, this special area surrounded by a National Park on all 4 sides and wish to have a joyful organization.

**Ali ACAR**  
**Mayor of Marmaris**

## 11 - PR ACTIVITIES

### Action For Road Safety

Tosfed, Turkish ASN, is keen in improving the driving standards and safety on roads at the areas hosting Rally Turkey. As believers of long lasting partnerships and sustainable actions Tosfed is in touch with Getob, South Aegean Touristic Hoteliers Association, to raise awareness about Action for Road Safety through collaborations with local stakeholders such as Drivers Associations.

Action for Road Safety banners located throughout the town center will draw the attention of not only the locals but also of tourists ensuring that a local action in Marmaris ends up having a global reach.

## Collaboration with ÇEVKO Foundation & Neutralization of Carbon Footprint

ÇEVKO foundation, which started its journey in 1991 with 14 members, was announced to be an Authorized Organization by the Turkish Republic Ministry of Environment and Urbanization within the framework of the “Regulation on the Control of Packaging and Packaging Waste” published in 2005 during the harmonization process of Turkey to the EU. As of the year 2005, companies selling packaged products in the Turkish market have been transferring their recovery obligations to ÇEVKO Foundation for the recovery of packaging waste.

ÇEVKO Foundation carries out activities regarding communication, awareness-raising and training for the performance of the liabilities it has assumed. The authorized organization develops activities regarding the separate collection of packaging waste at source in cooperation with municipal administrations and licensed companies on behalf of the packaging producers and economic operators which put packaging on to the market it represents.

Organizers of Rally Turkey, wanting to take part in the environmental actions by them, signed a protocole with ÇEVKO in order to organize the public areas relating to the Rally in an environmentally safe and sustainable manner.

Tosfed (Turkish ASN), ÇEVKO and Marmaris Municipality united their forces to make sure that all the waste collected in spectator areas and service park is recycled for a green rally.

*ÇEVKO and Tosfed have joined forces also in actions to take for the neutralization of Rally Turkey's carbon footprint which is to be the first Rally in WRC calendar to take such action.*

## Rally Turkey Opening Party

Rally Turkey 2018 will start with a hearth felt welcome to all drivers/co-drivers, crews, press members and spectators on Wednesday the 12th of September evening. The opening party by the beach will give guests a hint of Turkish hospitality and an idea of what's to come in the following days...

Delicious tastes, surprise guests and live DJ performances will adorne the party.

## Ceremonial Start and SSS (SS1)

Ceremonial Start directly followed by the Super Special Stage ( SS1 ) on Thursday the 13th of September evening will take the rally action to the center of Marmaris.

Drivers/Co-Drivers being presented to the crowds at the main promenade streching from Netsel Marina to the Atatürk Statue will than show all their skills and raise the public's adrenaline levels already at the very first Stage of Rally Turkey.

Super Special Stage will start in front of a background of sea and World famous Marmaris Islands. Marmaris Municipality will add flavour to the already scenic SS1 start with a fireworks show before the first car starts the Rally.

Spectators will have the possibility to comfortably enjoy the SS1 from the tribunes built in 19 Mayıs Square along with different corners of the SS1 where large led screens will give the full broadcast of the stage. Spectators at home will be able to watch sections of the stage live on ASport the official broadcaster of WRC in Turkey. Turkish ASN is also planning to broadcast the SS1 live on youtube.

## CityFest for Rally Turkey

Turkish ASN, Tosfed, is proud to announce the 1st edition of CityFest for Rally Turkey to take place between 13th-16th of September in Kumlubük Beach. A private Festival organized by Kerki-Solfej Production with permissions of Marmaris Municipality, CityFest for Rally Turkey will bring a young crowd to Kumlubük Beach for 4 days of motorsports action, concerts, beach fun and camping. Participants will be shuttled to a stage every afternoon and have the possibility to actively feel the motorsports adrenaline in their veins.

Famous singers and bands such as Sıla, Duman, Teoman and Kenan Doğulu will rocket the crowd's energy to the sky and share with them their Rally Turkey experience. Every singer and band will use their social media accounts to share moments of the Rally.

Rally Turkey VIP Pass holders will have free entrance to all four concerts.

Festival Organizers expect a turnout of about 6000 people.

## WRC History Moments Exhibition

World Rally Championship is full of historic moments...Sculptor Yavuz Yılmaz, also the maker of the awards to be presented in the podium ceremony, will be taking the guests through these historic moments and revive them in the fans' memories.

## Power FM and Power TV

During the Rally Turkey weekend Power Group will be present with its PowerFm and PowerTv in the service park, opening party and closing party with special guest DJ's and bands.

User experiences such as the Power Simulator will be available to all visitors to enjoy during the Rally. Promo videos of WRC and Rally Turkey will be broadcasted on Power FM and Power TV before and during the rally week.

## VIP Areas

This year in Rally Turkey spectators will have the possibility to enjoy the best of motorsports free of charge in general spectator areas.

VIP areas to be accessed with VIP pass, for those who wish to spectate the best action of the rally in air-conditioned tents where food and drinks are served while they comfortably watch the rally, will be set up in SS1 City Stage; SS2/6 Ula Stage; SS9/12 Datça Stage and SS14/17 Marmaris/Powerstage.

Thanks to the unique natural conditions of Rally Turkey the SS9/12 Datça Stage's VIP areas will be on boat where spectators can swim and watch the rally as an unforgettable experience.

## Driving in Turkey

### Traffic in Turkey

- Most traffic signs in Turkey are international. By observing traffic regulations and speed limits, you can avoid danger.
- It is obligatory for the drivers and all passengers in the car to use seat belts in the front seats.
- In densely populated areas there is a speed limit of 50km/h unless specifically shown with traffic signs.
- In Turkey it is forbidden to drive under the influence of alcohol or drugs.
- Drive on the right overtake from the left. Give way to any vehicle, including bicycles, coming from the right.
- Give way to pedestrians. Do not overtake a stationary vehicle which is within 5 metres of a pedestrian crossing or a vehicle which stops you from seeing the pedestrian crossing.
- Please overtake only when you can return to your own lane without endangering traffic.

### Speed Limits

Urban areas	50 km/h
Dual carriageways	110 km/h
Motorways	120 km/h

There are other speed limits indicated with traffic signs.

### In Case of an Accident

The accident should be reported to the police or gendarme. That report has to be certified by the nearest local authority. The owner should apply to the customs authority with his passport and report. If the vehicle can be repaired, it is necessary to inform the customs authority first and take the vehicle to a garage. If the vehicle is not fixable and if the owner wishes to leave the country without his vehicle, he has to deliver it to the nearest customs office, and the registration of his vehicle on his passport will be cancelled. (Only after the cancellation the owner of the vehicle can leave the country.)

In case of an accident 154 (Traffic Police) or 156 (Gendarme) should be called.

### Visa Requirements

Visitors who are not exempt from entry visa must obtain their visas or schedule an appointment with the Turkish Consular offices via Pre-Application System for Turkish Sticker Visa ([www.visa.gov.tr](http://www.visa.gov.tr)). The applicants who meet the requirements will be directed by the Pre-Application System for Turkish Sticker Visa to the e-Visa system ([www.evisa.gov.tr](http://www.evisa.gov.tr)) In those countries where Turkey does not have a consular representation can also use online scheduling for appointments with the nearest accredited consular office of Turkey.

Further information can be obtained from <http://www.mfa.gov.tr/visa-information-for-foreigners.en.mfa>

On request TOSFED will contact the relevant Turkish Consulate to ensure that entry visas are granted promptly and easier.

Visa regime for truck drivers of a country may differ from the overall visa regime effective for citizens of that particular country. For further information, please contact the nearest Turkish mission.
