1 INTRODUCTION

After the great return of Turkey to WRC Calendar in 2019, Rally Turkey will be held between 12th - 15th of September 2019.

It is again the greatest of pleasures that we welcome all competitors, spectators and media crews in Marmaris.

Aimed at raising the sporting interest, Rally Turkey route has been modified in small quantities. There is a completely new stage on Saturday. Also, the changes in WRC2 Pro will offer extra thrill to the competitors, media crews and WRC Fans.

We would like to take this opportunity to thank the Governorships of Mugla and its districts together with the Mayors of Mugla and Marmaris Municipalities for their full support throughout the preparation and their availability for assistance during Rally Turkey.

I wish all the competitors, drivers/co-drivers and their crews a successful event and pleasant time here in Marmaris.

Mr. Murat Kaya

ASN Sporting Director

WRC Rally Turkey Clerk of the Course

Environmental Policy Statement

According to the Turkish Automobile Sports Federation (TOSFED) as organizer of the WRC Rally Turkey, the protection of the environment is of fundamental importance, as it is for our collaborators, stakeholders and community in general. Hence, TOSFED is eager to take any necessary measures to ensure sustainable efforts within the event management and all stakeholders to create awareness and implement protection actions for environment and ecosystems in event region.

WRC Rally Turkey has attained the Two-Star level in the FIA Environmental Accreditation Framework at 2018. The top management of the organization targeted to achieve the accreditation “Achievement of Excellence” by the FIA Environmental Institute in 2019.

The organiser (TOSFED) of the 2019 WRC Rally Turkey is committed to the protection of the environment and minimising the social, cultural and environmental impacts of all stages of the Rally and its associated activities. Through the implementation of its Environmental Management System, the project is committed to achieving the following sustainability objectives:

- Ensure full commitment at senior management level and responsibilities for environmental and sustainability objectives as assigned throughout the organization;
- Provide information, training or consultation with relevant stakeholders (organisation, drivers, teams and spectators) to enable them to carry out their environmental responsibilities, and to encourage an atmosphere of transparency and knowledge sharing;
- Educate and inform with education institutions as many people as possible both within the organisation and externally about our environmental policy and create environmental awareness;
- Comply with national, provincial and municipal laws and regulations, and other environmental requirements as well as the FIA Institute Environmental Certification Framework;
- Fully cooperate with all local authorities for sustainability actions in the zone of passage of the rally;
- Continue the implementation of measures to promote a selective waste collection and propose an adequate final disposal of waste produced during the event;
- Use natural sources, energy and raw materials in the most efficient possible way;
- Reduce consumption of energy, water and fuel, where possible;
- Reduce the environmental impact in terms of transportation, as far as possible, encouraging Car Pooling and Car Sharing, as well as the use of public transportation;

- Organise collective transportation service for the spectators to minimise the use of vehicle travels;
- Reduce to the maximum the number of documents printed on paper, favouring the dissemination of digital documentation;
- Minimise the impacts on noise, air quality, biodiversity and cultural heritage, where possible;
- Monitor, measure and analyse the carbon footprint of all activities before and during the event.

IMPORTANT NOTICE:

Ministry of Environment and Urbanization of the Republic of Turkey has updated the regulatory regime for packaging and waste, including significant new rules regarding waste collection and recycling. Most notably, free plastic bags banned from the beginning of 2019.

Significant changes introduced by Turkish Packaging Waste Control Regulation include:

- From 1 January 2019, sales points prohibited from giving out plastic bags to users or consumers, free of charge.
- A colour coding system is introduced for bins used to collect packaging waste:
 - o Blue for paper.
 - o Yellow for plastics.
 - o Grey for metals.

According to the new rules, the merchandising sales points are not able to give free plastic bags. The sales points must have a plastic sales point certification. All the merchandising sales points must pay special attention for this new regulation.

4 ENTRY DETAILS

ENTRY PROCEDURE

Those wishing to take part in Rally Turkey 2019 must register and fill in the electronic entry form available at <https://registrations.fia.com> before the closing date for entries. The entry will only be accepted if accompanied by the total amount of the entry fee. To be accepted, competitors must send proof of payment of the entry fee by email to the rally secretariat by the closing date of entries. (secretariat@rallyturkey.com)

The following documents must be attached to the same email:

- Photocopies of the competitor, driver and co-driver competition licences
- Photocopies of the driver and co-driver driving licences
- Photocopy of the first page of the car homologation form for the entered car
- Approval from their ASN for foreign drivers.

Manufactures, WRC 2 Pro, WRC 2 and non-priority entrants who wish to score points must make their entries by using the standard entry form for their championships available in the FIA application at <https://registrations.fia.com>. Details concerning the co-driver must be sent prior to Tuesday, 13th of August 2019 at 14.00h.

CRITERIA FOR ENTRY ACCEPTANCE

The maximum number of entrants is set to 75 cars. If more than 75 entries are registered Organizers will create a reserve list. All vehicles must comply with the provisions of Appendix J. Entry applications outside the FIA Championships (registered crews) cannot be confirmed until after the entry closing date.

In case the maximum number of entries is not reached, the Organizers reserve the right to complete the list with the rest of the entries at their sole discretion.

NOTE: All communications relating to entries will only be received at secretariat@rallyturkey.com, and other information requests from competitors will be handled at secretariat@rallyturkey.com. Any information on entries not sent to secretariat@rallyturkey.com will not be regarded as official communication.

5 SERVICE PARK

Location

The Service Park will be located in Asparan, Marmaris with following GPS coordinates: N36° 49.111' E28° 11.535'

Detailed final layout of Service Park and extensive information will be published on website in due time. Please refer to the Appendix section for the provisional layout. Individual space usages have been calculated according to 2019 FIA WRC Regulations Appendix VI.

Service & Auxiliary Vehicles

Only service vehicles (identified with a Service Plate issued by the Organizer) are allowed to enter and exit the Service Park. Service cars are only allowed to set-up at times according to Access times for set- up section.

For access to the Auxiliary parking area the vehicles must carry an Auxiliary plate. Additional Auxiliary Plates may be ordered by contacting the Secretariat. The cost of an extra Auxiliary plate is 300 € + 18% VAT = 354 €

Only one service vehicle per crew is allowed in service park. Auxiliary vehicles are not allowed to enter the service park.

Restrictions on the Ground

It is forbidden to drill holes in the service park tarmac or the concrete ground under any circumstances. Teams and competitors are asked to bring weights for tents or to use other possible alternatives without damaging the tarmac or the concrete ground. On Sunday the 15th of September, Service Park Coordinator will inspect the service park area to check if there is any damage on the ground. In case of a damage caused by the competitors, relevant cost will be charged.

Access Times for Set-up

The service park will be available on Thursday the 5th of September from 12:00 to 21:00 for WRC Teams. It will be available between 07:00- 21:00 from Friday the 6th of September to Wednesday the 11th of September for WRC Teams.

Other entrants will be able to enter the SP from Monday the 09th of September 07:00.

If requested, private security will be provided upon request and payment. Please also note that, service park facilities such as electricity, internet connection etc, which will be provided upon demand, and management personnel and the officials, who are in charge of service park, will be on duty from Thursday the 5th of September 12:00 hrs.

Speed limit imposed in Service Park, for all the vehicles including the rally cars, is 30 km/h. Exceeding of this limit will be penalized with cash fine.

Entrance for trucks is possible through the main gate only.

Please contact Service Park Coordinator Mr. Cem Yüçetin for directions to your allocated service area. E-mail: servicepark@rallyturkey.com

Service Park Working Hours

Please note that the service park will be opened between 07:00-21:00 from Friday the 6th until Wednesday the 11th of September. From Thursday the 12th of September it will be opened 24 hours continuous until the end of the event.

Retirements and Re-starts

There will be a special overnight Parc Fermé at the Service Park for retired cars re-starting the rally. Any competitor re-starting the rally must present their cars in this Parc Fermé at the latest one hour before the start of the next day. For Priority cars, a scrutineer will accompany a mechanic or a member of the crew when transporting the car from the Service Park to the special overnight Parc Fermé in the evening.

6 TWO-WAY RADIO

ICTA – Information and Communication Technologies Authority (BTK – Bilgi Teknolojileri ve İletişim Kurumu) is the national telecommunications regulatory and inspection authority of Turkey with responsibility across, radio, telecommunications and wireless communications services. Telsan, offering rental frequencies, is responsible for the management of the radio communication during the rally.

Any radio equipment used by a competitor and/or the associated support teams in Turkey, must be covered by a licence issued by ICTA. A licence holder, such as Telsan, can rent their frequencies.

Operation of the equipments must be strictly within the terms and conditions of the licence. Installation or use of equipment without licence, or outside the terms and conditions of it, renders the operator/ installer liable to prosecution. Upon conviction the equipment is liable to forfeiture together with fines and/or imprisonment.

Application Procedure

Detailed information can be found at <https://www.btk.gov.tr>

Alternatively, competitors willing to rent frequencies or equipments can contact Telsan.

Application and rental procedures take up to a month. Holders of two-way radios should contact ICTA or Telsan in advance.

11 RECONNAISSANCE

Registration

Registration for reconnaissance will take place as follows;

Monday, 9th of September 2019

14:00- 20:00	Registration for Reconnaissance	Rally HQ
14:00- 20:00	Administrative Checks and Collection of Materials	Rally HQ
14:00- 20:00	Collection of GPS Tracker for Reconnaissance	Rally HQ

The registration and collection of materials for drivers competing on behalf of a Team can be completed by a team representative. All other drivers and co-drivers must be present at registration.

At registration a reconnaissance form containing details of the reconnaissance car and contact details must be submitted. This form can be submitted earlier to the Rally Office and will be available on the event website.

Reconnaissance GPS Trackers

All crews registered for reconnaissance will be required to use a GPS tracking system according to the FIA. This tracking system will be handed out upon registration for reconnaissance at the Rally Secretariat and will have to be returned upon completion of reconnaissance. Details of the tracking system to be used will be published in the Supplementary Regulations and Rally Guide 2.

Reconnaissance Only

Any driver wishing to take part in reconnaissance only will be required to complete the reconnaissance registration form which will be available on the event website or at Rally HQ. The fee for taking part in reconnaissance only is 750 € + 18% VAT = 885 €

Reconnaissance Procedures

A reconnaissance record card will be given to each competitor which must be carried in the car during the reconnaissance. This card will be filled appropriately recording every run on each special stage. Failure to present this card or losing the card will result in refusal to participate in the reconnaissance.

Competitors will be issued 3 reconnaissance numbers. These numbers must be placed to the passenger side of the front windscreen and rear side windows.

A reconnaissance road book will be supplied which will detail the routes to use between every stage during the reconnaissance; these will often not be the same as the main event road book. Competitors are required to follow these specific reconnaissance routes.

According to the Traffic Law in force radar detection equipment is not permitted.

15:15	FIA Post-Event Press Conference	Media Centre
-------	---------------------------------	--------------

Attendance of the invited crews to the press conference is obligatory.

The Post Event Press Conference will have in attendance the top three crews.

The duration of these conferences will be 30 minutes approximately.

Media Shuttles

Programme of the media shuttles will be distributed at the Media Centre. These shuttles will be available from Thursday to Sunday (including Shakedown, Stages, and Start (SSS)).

Important Notes for Media

To ensure Media safety, all media members must follow the instructions given by marshalls and officials. Marshals and officials wearing tabards can easily be identified.

Special stages will be closed at least 90 minutes prior to the first competitor's scheduled start time. Media entering to a Special Stage should park their vehicle clear from the road in a safe area.

Media members should not stand anywhere on the stage that might cause danger for themselves or the competitors. Media members' actions shouldn't distract the concentration of the competitors.

All the accredited media must have their pass and numbered media tabard clearly visible during the rally, including entrance to the Media Centre.

Restricted Areas

Media card holders will not be given access to any Scrutineering Area or to Parc Ferme. An interview area, adjacent to the Scrutineering Area, Regrouping Area, Pre Start Area and Finish Podium Area will be organized with clear indication, in order to allow journalists and photographers to carry out their duties.

Driving in Turkey

Traffic in Turkey

- Most traffic signs in Turkey are international. By observing traffic regulations and speed limits, you can avoid danger.
- It is obligatory for the drivers and all passengers in the car to use seat belts in the front seats.
- In densely populated areas there is a speed limit of 50km/h unless specifically shown with traffic signs.
- In Turkey it is forbidden to drive under the influence of alcohol or drugs.
- Drive on the right overtake from the left. Give way to any vehicle, including bicycles, coming from the right.
- Give way to pedestrians. Do not overtake a stationary vehicle which is within 5 metres of a pedestrian crossing or a vehicle which stops you from seeing the pedestrian crossing.
- Please overtake only when you can return to your own lane without endangering traffic.

Speed Limits

Urban areas 50 km/h

Dual carriageways 110 km/h

Motorways 120 km/h

There are other speed limits indicated with traffic signs.

In Case of an Accident

The accident should be reported to the police or gendarme. That report has to be certified by the nearest local authority. The owner should apply to the customs authority with his passport and report. If the vehicle can be repaired, it is necessary to inform the customs authority first and take the vehicle to a garage. If the vehicle is not fixable and if the owner wishes to leave the country without his vehicle, he has to deliver it to the nearest customs office, and the registration of his vehicle on his passport will be cancelled. (Only after the cancellation the owner of the vehicle can leave the country.)

In case of an accident 154 (Traffic Police) or 156 (Gendarme) should be called.

Visa Requirements

Visitors who are not exempt from entry visa must obtain their visas or schedule an appointment with the Turkish Consular offices via Pre-Application System for Turkish Sticker Visa (www.visa.gov.tr). The applicants who meet the requirements will be directed by the Pre-Application System for Turkish Sticker Visa to the e-Visa system (www.evisa.gov.tr) In those countries where Turkey does not have a consular representation can also use online scheduling for appointments with the nearest accredited consular office of Turkey.

Further information can be obtained from <http://www.mfa.gov.tr/visa-information-for-foreigners.en.mfa>

On request TOSFED will contact the relevant Turkish Consulate to ensure that entry visas are granted promptly and easier.

Visa regime for truck drivers of a country may differ from the overall visa regime effective for citizens of that particular country. For further information, please contact the nearest Turkish mission.
